CONTINUING EDUCATION SEMINARS Spring 2021 Semester

The Center for Government Services (CGS) at Rutgers University assists the Division of Codes and Standards in the New Jersey Department of Community Affairs in offering more than 325 seminars required by law for Construction Code Enforcement Officials, Technical Assistants, and Multiple Dwelling Inspectors. The mission of the Continuing Education Program is to further the professional development of code enforcement personnel by providing quality educational offerings through continuing education programs for licensed inspectors and their support staff. Together, our state and local governments are committed to protecting the health, safety, and welfare of all people throughout our communities to ensure that New Jersey continues to be a safe and desirable place to live.

The fall semester runs from September through December. The spring semester runs from March through June. You must complete your continuing education requirements during this time period. All continuing education requirements must be met within the regularly scheduled program. ***Make sure you are selecting seminars that meet CEU requirements for your license.***

3 Rutgers Plaza
New Brunswick, NJ 08901

Registration Procedure: All seminars for the Spring 2021 semester will be delivered virtually. To register, and for more information, please visit <http://tiny.cc/UCOnline>. These online seminars are identical in content and timing to our in-person training programs (5 or 10 hours, 0.5 or 1.0 CEUs). Check-in/registration for the full day seminars will begin at 8:00 AM; the seminar instruction will begin at 8:30 AM and conclude no later than 3:00 PM. We also have evening sessions where the hours are split between two or more days. Attendance at all sessions is required to receive credit. Check-in/registration for those seminars begins at 6:00 PM; seminar instruction will begin at 6:30 PM and conclude at 9:00 PM. Be sure you can allot the entire period of time to attend. You must have operating microphone and speakers on your computer to receive credit, as you will not only need the speakers to hear the presentation, but will also have the opportunity to ask questions of the instructor and have them answered live. For more information on GoToTraining system requirements and a quick start guide, visit <https://support.goto.com/training/help/system-requirements-for-attendees-g2t010003> and <https://support.goto.com/training/help/video-attendee-quickstart-5-12-1371433291>

Reciprocal Credit: The Division of Fire Safety will award reciprocal credit for certain seminars. In order to receive credit, you must provide your DFS certification number. The Board of Electrical Contractors will also award reciprocal credit for certain seminars. In order to receive reciprocal credit, you must provide your current contractor's license.

ICC Preferred Provider Program: The DCA/RU educational program is now an approved preferred provider with the International Code Council (ICC). The goal of the program is to support our licensees and other interested parties who also maintain ICC certifications. The use of ICC or Preferred Provider training is required as a condition of all ICC certification renewals. Our participation in the program will mean that our courses will be approved to also meet the ICC certification renewal requirements. Program participants need not do anything different: our seminar completion certificates will include our provider number (1091) as well as the ICC course number associated with the approval. If you have any questions regarding the Preferred Provider Program, please visit iccsafe.org.
